

As Always, with Love and Light from our family to yours!

We took these in August, at the AHVMA meeting in October. Karen liked the one on the right, but I could not decide, so included them both (even though I KNOW she is right after 30+ years).

Shortly after our 30th wedding anniversary in June and the AVH meeting in Sweetbriar, Virginia, Karen had a total right knee replacement.

She did so well, that she did not need her cane on our October trip to Augusta.

So... 2015 was yet another busy year.

We added Ozone Therapy to our practice in January and I just passed my national certification) FAAO - Fellow of the American Academy of Ozonotherapy, was reelected President of the AHVMA for a second time and have still been deeply involved with the Foundation Spay and Neuter initiative. Add that to a full time practice and Karen's 3 months of recovery post knee surgery and the year has FLOWN by.

Our 30th Wedding Anniversary in Sweetbriar Virginia

Enterprise did not have our 4 door sedan so gave us a Red "Dukes of Hazard" Charger instead. It made us feel about 30 years old, rather than celebrating our 30th anniversary. Definitely Cool !
